

CURRICULUM VITAE

BATTAUZ ANNA

NAME	Anna
SURNAME	Battauz
BIRTHDAY	01/10/1973
PLACE OF BIRTH	Gorizia (Italy)
NATIONALITY	Italian
ADDRESS	Department of Finance Università Bocconi V.le Roentgen 1 20136 Milano, Italy
TELEPHON NUMBER	+39-2-58365605
E-MAIL	anna.battauz@unibocconi.it
WEBSITE	http://faculty.unibocconi.eu/annabattauz/

EMPLOYMENT AND ACADEMIC POSITIONS

October 2018- October 2029: abilitazione nazionale di Prima Fascia **ASN 13/D4** - METODI MATEMATICI DELL'ECONOMIA E DELLE SCIENZE ATTUARIALI E FINANZIARIE (I Fascia - Quinto Quadrimestre, ASN 2016-2018)

MSc in Finance Director, since September 2022.

September 2005 - current: Associate Professor of Mathematical Finance; Department of Finance and Department of Decision Sciences, Bocconi University, Milan (Italy).

Director of MaFinRisk (*Master in quantitative finance and risk management*) Bocconi university), 2020-22.

March 2001 – August 2005: Assistant Professor of Mathematical Finance; Institute of Quantitative Methods, Bocconi University, Milan (Italy).

October 1999 – January 2000: Quantitative Analyst, Unicredit, Milan.

October 1998 – February 1999: Academic guest at the ETH, Zurich, (Switzerland).

Spring 1997: Research fellowship "*Mathematical and Numerical Analysis of Differential Equations*" at the Department of Mathematics and Computer Science, University of Udine (Italy).

EDUCATION

January 1998 – December 2000: Ph.D. Program in Mathematics, with Applications to Finance and Insurance, Scuola Normale Superiore di Pisa (Italy). Title of the thesis: "Some issues about American options". Advisor: Prof. M.Pratelli. Thesis successfully defended on the 4th of December 2004. Referees: Prof. M.Avellaneda, Courant Institute, New York University and Prof. C.Albanese, Imperial College, London.

September 1992 – November 1996: Italian Laurea in Mathematics, 110/110 Summa Cum Laude, University of Udine, Department of Mathematics and Computer Science. Supervisor: Prof. F.Zanolin.

TEACHING EXPERIENCE

Calculus (Undergraduate Course), Mathematical Modelling for Finance (Undergraduate Course), Quantitative Finance and Derivatives (Graduate Course), Numerical Methods in Finance (Advanced Graduate Course), Continuous Time Finance (PhD Course), Theory of Valuation (Master Course).

AWARDS

Bocconi Research Excellence Award: 2004, 2014
Bocconi Teaching Excellence Award: 2018

A.Battauz and F.Zanolin: "Coexistence states for periodic competitive Kolmogorov systems," *Journal of Mathematical Analysis and Applications*, **219**, 179-199, (1998).

SUBMITTED PAPERS

A. Battauz, F. Rotondi: "Optimal Liquidation of Redeemable Shares", preprint (2024), https://papers.ssrn.com/sol3/papers.cfm?abstract_id=4681818

WORKING PAPERS

A. Battauz, M. De Donno, and A. Sbuelz: "American options with liquidation penalties" (2024).

A. Battauz, M. De Donno and A. Sbuelz: "Good Times and the Dividend Yield", preprint (2023) https://papers.ssrn.com/sol3/papers.cfm?abstract_id=4348975

A. Battauz, F. Rotondi and A. Sbuelz: "Equity derivatives pricing with interest rate risk", preprint (2021).

A. Battauz, M. De Donno, and A. Sbuelz: "Executive stock options: Performance measures and liquidation constraints", 2023.

A. Battauz: "Quadratic Hedging of Deal Contingent Derivatives", 2023.

BOOKS AND LECTURE NOTES

A.Battauz, F. Rotondi and F.Ortu: "Arbitrage Theory in Discrete and Continuous Time", lecture notes for the graduate course Quantitative Finance and Derivatives, Bocconi University, Egea, Milano, (fourth edition) 2023.

A.Battauz and F.Ortu: "Arbitrage Theory in Discrete and Continuous Time", lecture notes for the graduate course Quantitative Finance and Derivatives, Bocconi University, Egea, Milano, (third edition) 2009. Under revision for publication with World Scientific Publishing (2023).

A.Battauz: "Topics in quantitative finance", lecture notes for the graduate course Applied Numerical Finance, 2023.

BOOK CHAPTERS

A.Battauz: (Italian) "Quali sicurezze per i nostri risparmi?" *Catalogo della mostra "Matemilano"* M.Bertolini et alii editors, Springer, 2003.

INSTITUTIONAL SERVICE

MSc in Finance Director, since September 2022.

Panelist at the FT online event "The future of business education: spotlight on master's programmes", Focus on the financial world (September 2023).

Member of the selection procedure RTD-B Università di Parma SECS_S06, novembre 2022.

Master in Quantitative Finance and Risk Management (MaFinRisk) Director, 2020-2022

Member of the Junior Job Market Team for the Finance Department, a.y. 21/22

MaFinRisk Coordinator, November 2016 – August 2019

Member of Comitato CdS CLEFIN/Finance, since 2016.

Member of the Faculty Board of the PhD in Statistics, Bocconi University, since 2015.

(Italiano) Delegata di dipartimento al riesame del SUA-RD, da aprile 2017.

Department of Finance Website – Webmaster, since 2020

Department delegate for diversity and inclusion, 2020-22.

Recruitment activities for Bachelor, Master and PhD prospect students.

REFEREE FOR

Mathematical Finance

Decisions in Economics and Finance

European Journal of Operation Research

Quantitative Finance

Journal of Futures Markets

International Journal of Theoretical and Applied Finance

International Review of Economics and Finance

Applied Mathematical Modelling

Computational Management Science

Rivista degli Attuari Italiani

Financial Innovation

PHD COMMITTEE MEMBER

PhD in Economics and Finance, Bocconi University (2020)
PhD in Statistics, Bocconi University (2019)
PhD in Mathematics for Economic Decisions, University of Trieste (2006)
PhD in Computational Mathematics, University of Padova (2006)
PhD in Mathematics, University of Bologna (2007)
PhD in Economics, University of Torino (2012)

SEMINARS AND PRESENTATIONS

"American options with liquidation penalties", *25th Workshop in Quantitative Finance*, Bologna, April 2024.

"American options with acceleration clauses", *MathRisk Conference on Numerical Methods in Finance, Udine, June 2023, Udine*.

Chair of the Session "Quantitative Finance", *MathRisk Conference on Numerical Methods in Finance*, Udine, June 2023.

"Executive stock options", *LMU and TU Seminars in Finance Stochastics*, Department of Mathematics, Ludwig Maximilian University of Munich (Germany), July 2023 (invited).

Chair of the Session "The Economics of Non Fungible Tokens", at the conference DIGITAL INNOVATION MEETS SOCIAL SCIENCE @ BOCCONI, ALGORAND FINTECH LAB KICK-OFF, September 2022.

"On the exercise of American quanto options", Département de finance, assurance et immobilier, *Faculté des sciences de l'administration, Université Laval* (Canada), September 2021.

"On the exercise of American quanto options", *24th International Congress on Insurance: Mathematics and Economics*, University of Illinois Urbana-Champaign and the Pennsylvania State University (USA), Ulm University (Germany), and the University of New South Wales (UNSW Sydney, Australia), July 2021.

Chair of the Young Researcher Best Paper session, *44th AMSES Meeting*, Padova University, September 2020.

"American options with stochastic interest rates" Quantitative Life Sciences Guest Seminar, The Abdus Salam International Centre for Theoretical Physics (ICTP), Trieste (Italy), 23 July 2019.

"American options and stochastic interest rates", *INFORMS Advances in Decision Analysis conference*, Bocconi University, June 2019.

"On the exercise of American quanto options", European Financial Management Association Meeting, Catholic University of Milan, June 2018.

"The geometry of the double continuation region", Optimal stopping and applications, University of Torino, Department of Mathematics, May 2017.

"On the exercise of American Quanto Options", XVIII Workshop on Quantitative Finance, Università Milano-Bicocca, January 2017.

Chair of the Session on Derivatives Pricing and discussant, XVI Workshop on Quantitative Finance, Parma, January 2015.

"Real options and American derivatives: the double continuation region", Stochastic Methods in Financial Markets, Faculty of Mathematics and Physics of University of Ljubljana (Slovenia), August 2011.

"Real options and American derivatives: the double continuation region", Ludwig Maximilians Universität München, Fakultät für Mathematik, Informatik und Statistik, (Germany), May 2010.

"The double continuation region", Conference on Numerical Methods in Finance, University of Udine (Italy), June 2008.

"Viability, State-Price Densities and the Marginal Utility of Optimal Wealth", Frankfurt MathFinance Colloquium, Goethe University, Frankfurt (Germany), January 2007.

"Closed-form optimal investment when present values and costs are jump-diffusions", Meeting AMASES 2006, Trieste (Italy), September 2006.

"Dynamic versus one-period completeness in event-tree security markets", Meeting AMASES 2005, Palermo (Italy), September 2005.

"Optimal stopping and American options with discrete dividends and exogenous risk", Third World Bachelier Conference, Chicago (USA), July 2004.

"The evaluation of American options with discrete dividends", Università degli Studi del Piemonte Orientale, Faculty of Economics, Novara (Italy), May 2004 and Università degli Studi di Udine Faculty of Economics, June 2004.

"The evaluation of passport options", Università degli Studi di Bologna (Italy) Department of Mathematics, May 2004.

"Optimal stopping with exercise restrictions", Meeting AMASES 2003, Cagliari (Italy), September 2002.

"Dividends and uncertainty: the Italian market", 7th International Congress on Insurance: Mathematics & Economics, ISFA, University Claude Bernard, Lyon (France), June 2003.

"Dividends and uncertainty: the Italian market", First EMS -SMAI -SMF Joint Conference Applied Mathematics and Applications of Mathematics, Nice (France), February 2003 and Meeting AMASES, Verona (Italy), September 2002.

"Quadratic Hedging for asset derivatives with discrete stochastic dividends", Meeting AMASES, Firenze (Italy), September 2001 and III workshop di Finanza Matematica, Università di Verona (Italy), January 2002.

"Quadratic Hedging for asset derivatives with discrete stochastic dividends", 6th International Congress on Insurance: Mathematics & Economics, ISEG, Technical University of Lisbon (Portugal), July 2002.

"No Arbitrage for asset derivatives with discrete stochastic dividends", Summer School in Mathematical Finance, Dubrovnik (Croatia), September 2001.

"No Arbitrage for asset derivatives with discrete stochastic dividends", SAET (Society for the Advancement of Economic Theory), Ischia (Italy), July 2001.

"Change of numeraire and American options", Workshop on Probability Theory and Applications, Department of Mathematics, Università di Bologna (Italy), February 2001.

"Change of numeraire and American options", II Workshop di Finanza Matematica, Università di Pisa (Italy), February 2001.

"Change of numeraire and American options", Quantitative Risk Management Conference, Carnegie Mellon University, Pittsburgh (USA), August 2000.

MATERNITY LEAVES

2008, 2013
